("Respondent" or "CWS"), submits the following in response to the Section 104(e) Request for Information ("Information Request") of the U.S. Environmental Protection Agency ("U.S. EPA"), Region 5, pertaining to the Gary Development Landfill Site (the "Site").

INSTRUCTIONS

3. In answering each question, identify all persons and contribution sources of information.

OBJECTION:

CWS objects to Instruction 3 to the extent that it seeks to require CWS, if information is responsive to the Information Requests are not within its possession or control, to identify all persons from whom such information may be obtained. This Instruction is overly broad, unduly burdensome, and CWS is not in a position to identify all such persons.

7. You must respond to each question based upon all information and documents in your possession or control, or in the possession or control of your current or former employees, agents, contractors, or attorneys. Information must be furnished regardless of whether or not it is based upon your personal knowledge, and regardless of the source.

OBJECTION:

CWS objects to Instruction 7 to the extent it requires CWS to provide information not in its possession or control. Furthermore, CWS objects to Instruction 7 to the extent it requires CWS to provide information protected by the attorney-client privilege, the attorney work product doctrine, all privileges and protections related to materials generated in anticipation of litigation and any other privilege or protection available to it under law.

10. If any or the requested documents have been transferred to others or have otherwise been disposed of, identify each document, the person to whom it was transferred, describe the

circumstances surrounding the transfer or disposition, and state the date of the transfer or disposition.

OBJECTION:

CWS objects to Instruction 10 to the extent that it seeks to require CWS to provide information that is not within its possession or control. Furthermore, CWS objects to Instruction 10 because it is overly broad and unduly burdensome.

OBJECTION:

CWS objects to these definitions on the grounds that they are overly broad, request irrelevant information, and are unduly burdensome.

It should also be noted that these questions seek information regarding the Gary Development Landfill Site (the "Site") from 1975 to 1999. Therefore, any knowledge and documents regarding this Site are minimal.

Without waving any rights, claims, defenses, objections, or privileges, CWS or any of its affiliates, officers, directors, or employees may have, CWS responds to U.S. EPA based upon information currently available to it. CWS retains the right to supplement its answers to these questions if, and when, more information becomes available in the future.

NOTICE OF LOSS

8. The Insured shall immediately advise the Company of any accident or occurrence which appears likely to result in liability under this Policy and of subsequent developments likely to affect the Company's liability hereunder. At no time shall the Company be called upon to assume charge of the settlement or defense of any claims made or suits brought or proceedings instituted against the Insured, but the Company shall have the right and shall be given the opportunity to associate with the Insured or its underlying insurer or insurers, or both, in the control, defense and/or trial of any claims, suits or proceedings which, in the opinion of the Company, involves or appears reasonably likely to involve the Company. If the company avails itself of such right and opportunity, the Insured, any underlying insurer or insurers and the Company shall cooperate in the control, defense and/or trial of such claims, suits or proceedings, so as to affect a final determination thereof. Failure on the part of the Insured or the underlying insurer or insurers to cooperate shall relieve the Company, at its option, of liability under this Policy.

9. The Insured shall be solely responsible for the investigation, settlement, defense and final disposition of any claim made or suit brought or proceeding instituted against the Insured to which this Policy would apply and which no underlying insurer or insurers is obligated to defend. The Insured shall use due diligence and prudence to settle all such claims and suits which in the exercise of sound judgment should be settled, provided, however, that the Insured shall not make or agree to any settlement for any sum, in excess of the underlying insurance, without the approval of the Company.

10. The Insured shall (a) cooperate with the underlying insurer or insurers, as required by the terms of the underlying insurance, (b) comply with all the terms and conditions thereof and (c) enforce any right of contribution or indemnity against any person or organization who may be liable to the Insured, because of liability with respect to which insurance is afforded under this Policy and the underlying insurance.

LOSS PAYABLE

11. The Company's obligation to pay any ultimate net loss and costs with respect to any accident or occurrence falling within the terms of this Policy shall not attach until the amount of the applicable underlying limit has been paid by or on behalf of the Insured on account of such accident or occurrence. The Insured shall make claim for any ultimate net loss and costs under this Policy within a period of not exceeding twelve (12) months after, (a) the Insured shall have paid ultimate net loss in excess of the underlying limit, with respect to any accident or occurrence, or

(b) the Insured's obligation to pay such amounts shall have been finally determined, either by judgment against the Insured after actual trial or by written agreement of the Insured, the claimant and the company.

12. All losses covered by this Policy shall be due and payable by the Company within thirty (30) days after claim has been presented and proper proof of payment of ultimate net loss and costs has been submitted, all in accordance with the terms above.

ULTIMATE NET LOSS AND COSTS

13. Ultimate net loss, as used herein, shall be understood to mean the sums paid in settlement of losses for which the Insured is liable after making deductions for all recoveries, salvages and other insurances (other than recoveries under the underlying insurance, policies of co-insurance, or policies specifically in excess hereof), whether recoverable or not, and shall exclude all "Costs".

14. The word "costs", as used herein, shall be understood to mean interest on judgments, investigation, adjustment and legal expenses including taxed court costs and premiums on bonds, for which the Insured is not covered by the underlying insurance (excluding, however, (a) all expenses for salaried employees and counsel on general retainer, (b) all office expenses of the Insured, and (c) regular fees paid to counsel on general retainer.

15. Costs incurred by the Insured, with the written consent of the Company, shall be apportioned as follows:

- (a) in the event of claim or suit arising which appears likely to exceed the underlying insurance limit or limits, no Costs shall be incurred by the Insured without the written consent of the Company.
- (b) should such claim or suit be settled previous to going into court for not more than the underlying insurance limit or limits, then no Costs shall be payable by the Company.
- (c) should, however, the sum for which the said claim or suit may be settled exceed the underlying insurance limit or limits, then the Company, if it approves such settlement or consents to the proceedings continuing, shall contribute to the Costs incurred by the Insured in the ratio that is proportion of the ultimate net loss as finally adjusted bears to the whole amount of such ultimate net loss.
- (d) in the event the Insured elects not to appeal a judgment in excess of the underlying insurance limit or limits, the Company may elect to conduct such appeal at its own cost and expense and shall be liable for the taxable court costs and interest incidental thereto, but in no event shall the total liability of the Company exceed its limit or limits of liability as stated above, plus the costs of such appeal.
- (e) in the event a judgment is rendered in excess of the underlying insurance limit or limits and the underlying insurer or insurers elect to appeal such judgment, the duty of obtaining an appeal bond in regard to liability in excess of the underlying insurance limit or limits shall rest with the Insured and its underlying insurer or insurers.

SUBROGATION AND SALVAGE

16. All salvages, recoveries or payments recovered or received subsequent to a settlement under this Policy shall be applied as if recovered or received prior to such settlement and all necessary adjustments shall then be made between the Insured and the Company, provided always that nothing in this clause shall be construed to mean that losses under this Policy are not recoverable until the Insured's ultimate net loss has been finally ascertained.

17. Inasmuch as this Policy is Excess Insurance, the Insured's right of recovery against any person cannot be exclusively subrogated to the company. It is, therefore, understood and agreed that in case of any payment hereunder, the Company will act in concert with all other parties (including the Insured) concerned, in the

exercise of such rights of recovery. The apportioning of any amounts which may be so recovered shall follow the principle that any parties (including the Insured) that shall have paid an amount over and above any payment hereunder, shall first be reimbursed up to the amount paid by them, the company is then to be reimbursed out of any balance then remaining up to the amount paid hereunder; lastly the parties (including the Insured) of whom this coverage is in excess are entitled to claim the residue, if any. Expenses necessary to the recovery of any such amounts shall be apportioned between the parties (including the Insured) concerned, in the ratio of their respective recoveries as finally settled.

18. Nothing herein contained shall be construed to mean that the Insured shall be required to enforce by legal action any right of subrogation or indemnity before the Company shall pay any loss covered hereunder.

CONDITIONS

1. PRIOR INSURANCE AND NON-CUMULATION OF LIABILITY.

It is agreed that if any loss covered hereunder is also covered in whole or in part under any other Excess Policy issued to the Insured prior to the inception date hereof the limit of liability hereon as stated in Items 5 and 6 of the Declarations shall be reduced by any amounts due to the Insured on account of such loss under such prior insurance.

Subject to the foregoing paragraph and to all the other terms and conditions of this Insurance in the event that personal injury or property damage arising out of an occurrence covered hereunder is continuing at the time of termination of this Policy, the Company will continue to protect the Insured for liability in respect of such personal injury or property damage without payment of additional premium.

Delivery of such written notice either by the Named Insured or by the Company or their representatives shall be equivalent to mailing.

If this policy shall be cancelled by the Named Insured, the Company shall retain the customary short rate proportion of the premium for the period this insurance has been in force. If this Policy shall be cancelled by the Company, the Company shall retain the pro rata proportion of the premium for the period this Policy has been in force. This policy is made and accepted subject to the provisions and stipulations hereinafter stated, which are hereby made a part of this policy, together with such other provisions, stipulations and agreements as may be added hereto, as provided in this policy.

Agrees with the insured, named in the declarations made a part hereof, in consideration of the payment of the premium and in reliance upon the statements in the declarations and subject to the limits of liability, exclusions, conditions and other terms of the policy:

The Insuring Agreements and any Special Provisions are contained in the separate Coverage Form or Forms issued to complete this policy.

CONDITIONS

1. **Premium Computation:** The deposit premium stated in the declarations is an advance premium only unless otherwise specified. Upon termination of this policy, the earned premium shall be computed in accordance with the rates and minimum premium applicable to this insurance as stated in the Declarations. If the earned premium thus computed exceeds the advance premium paid, the Named insured shall pay the excess to the Company; if less, the Company shall return to the Named insured the unearned portion paid by such insured. The Named insured shall maintain records of the information necessary for premium computation on the basis stated in the Declarations and shall send copies of such records to the Company at the end of the policy period, as the Company may direct.

2. **Inspection and Audit:** The Company shall be permitted but not obligated to inspect the Named insured's property and operations at any time. Neither the Company's right to make inspections nor the making thereof nor any report thereon shall constitute an undertaking on behalf of or for the benefit of the Named insured or others, to determine or warrant that such property or operations are safe.

The Company may examine and audit the Named insured's books and records at any time during the policy period and extensions thereof and within three years after the final termination of this policy, as far as they relate to the subject matter of this insurance.

3. **Action Against Company:** No action shall lie against the company unless, as a condition precedent thereto, the insured shall have fully complied with all the terms of this policy, nor until the amount of the insured's obligation to pay shall have been finally determined either by judgment against the insured after actual trial or by written agreement of the insured, the claimant and the company.

4. **Subrogation:** In the event of any payment under this policy, the company shall be subrogated to all the insured's rights of recovery therefor against any person or organization and the insured shall execute and deliver instruments and papers and do whatever else is necessary to secure such rights. The insured shall do nothing after loss to prejudice such rights.

5. **Changes:** Notice to or knowledge possessed by any person shall not effect a waiver or change in any part of this policy or stop the Company from asserting any rights under the terms of this policy; nor shall the terms of this policy be waived or changed, except by endorsement issued to form a part hereof, signed by an authorized representative of the Company.

6. **Assignment:** Assignment of interest under this policy shall not bind the Company until its consent is endorsed hereon; if, however, the Named insured shall be adjudged bankrupt or insolvent, this policy shall cover the Named insured's legal representative as Named insured; provided that notice of cancellation addressed to the insured named in the Declarations and mailed to the address shown in this policy shall be sufficient notice to effect cancellation of this policy.

7. **Cancellation:** This policy may be canceled by the insured by surrender thereof to the Company or any of its authorized agents or by mailing to the company written notice stating when thereafter the cancellation shall be effective. This policy may be canceled by the company by mailing to the insured at the address shown in this policy written notice stating when not less than thirty days thereafter such cancellation shall be effective. The mailing of notice as aforesaid shall be sufficient proof of notice. The time of the surrender or the effective date and hour of cancellation stated in the notice shall become the end of the policy period. If the insured cancels, earned premiums shall be computed in accordance with the customary short rate table and procedure. If the company cancels, earned premiums shall be computed pro rata. Premium adjustment may be made either at the time cancellation is effected or as soon as practicable after cancellation becomes effective, but payment or tender of unearned premium is not a condition of cancellation.

8. **Terms of Policy Conformed to Statute:** Terms of this policy which are in conflict with the statutes of the State wherein this policy is issued are hereby amended to conform to such statutes.

In Witness Whereof, the company has caused this policy to be executed and attested, but this policy shall not be valid unless countersigned by a duly authorized representative of the company.

The St Paul
Property & Liability
Insurance

In consideration of the payment of premium, in reliance upon the statements made by the Insured, the Company, designated on the Declarations page, herein, and the Company, A Capital Stock Company, AGREEs with the Insured:

INSURING AGREEMENTS

I. COVERAGE

To indemnify the Insured, in accordance with the applicable provisions of the "Immediate underlying policy" for the amount of "loss" which is in excess of the applicable Limits of the "underlying insurance" described in Item 4 of the Declarations.

The provisions of the "Immediate underlying policy" are incorporated as part of this Policy except for any obligation to investigate and defend and pay for costs and expenses incident to the same, the amount of the limits of liability, any "other insurance" provision and any other provisions therein which are inconsistent with the provisions of this Policy.

This Policy shall apply only to coverages for which an amount is indicated in Section I of Item 5 of the Declarations and then only in excess of the corresponding amount shown in Section II of Item 5 of the Declarations.

II. POLICY PERIOD

This Policy applies only to "loss" arising out of injury, damage or destruction which occurs during the policy period stated in the Declarations.

III. LIMITS OF LIABILITY

Regardless of the number of (1) Insureds under this Policy, or (2) persons or organizations to whom the Insured may be liable for loss, the Company's liability shall not exceed the amounts stated in Section I of Item 5 of the Declarations.

A. With respect to coverages for which an aggregate limit is shown in Section I of Item 5 of the Declarations, aggregate means the total limit of the Company's liability during any one aggregate period either (1) with respect to any cause of loss for which the "underlying insurance" has an aggregate limit, or (2) with respect to the "products hazard" or the "completed operations hazard" (as defined herein) if the "underlying insurance" does not contain an aggregate limit with respect to these hazards.

B. Reduction Of The Aggregate

This provision applies only if this Policy contains an aggregate limit of liability which applies to the occurrence.

If the limit of liability of the "underlying insurance" is less than as stated in Section II of Item 5 of the Declarations because the aggregate limits of liability of the "underlying insurance" have been reduced, this Policy becomes excess of such reduced limit of liability if such reduction is solely the result of injury or destruction occurring after the inception date of this Policy and not before. Nothing contained herein shall operate to increase the limit of the Company's liability.

C. Application Of The Aggregate To Periods Of Time

The aggregate limits of liability of this Policy apply separately to each aggregate period. The first aggregate period of this Policy begins on the effective date of this Policy and ends on the next termination date of the aggregate period of the "Immediate underlying policy." Any succeeding aggregate period of this Policy is concurrent with the aggregate period of the "Immediate underlying policy" unless it is the final aggregate period. The final aggregate period of this Policy begins on the termination date of the aggregate period of the "Immediate underlying policy" immediately preceding the expiration date of this Policy and ends on the expiration date of this Policy.

NUCLEAR ENERGY LIABILITY EXCLUSION

It is agreed that the insurance afforded under any liability coverage of this Policy or of any endorsement used herewith does not apply:

1. Under any Liability Coverage, to injury, sickness, disease, death or destruction

(a) with respect to which an Insured under the Policy is also an Insured under a nuclear energy liability policy issued by Nuclear Energy Liability Insurance Association, Mutual Atomic Energy Liability Underwriters or Nuclear Insurance Association of Canada, or would be an Insured under any such policy but for its termination upon exhaustion of its limit of liability; or

(b) resulting from the hazardous properties of nuclear material and with respect to which (1) any person or organization is required to maintain financial protection pursuant to the Atomic Energy Act of 1954, or any law amendatory thereof, or (2) the Insured is, or had this Policy not been issued would be, entitled to indemnity from the United States of America, or any agency thereof, under any agreement entered into by the United States of America, or any agency thereof, with any person or organization.

2. Under any Medical Payments Coverage, or under any Supplementary Payments Provision relating to immediate medical or surgical relief, to expenses incurred with respect to bodily injury, sickness, disease or death resulting from the hazardous properties of nuclear material and arising out of the operation of a nuclear facility by any person or organization.

3. Under any Liability Coverage, to injury, sickness, disease, death or destruction resulting from the hazardous properties of nuclear material, if

(a) the nuclear material (1) is at any nuclear facility owned by, or operated by or on behalf of, an Insured or (2) has been discharged or dispersed therefrom;

(b) the nuclear material is contained in spent fuel or waste at any time possessed, handled, used, processed, stored, transported or disposed of by or on behalf of an Insured; or

(c) the injury, sickness, disease, death or destruction arises out of the furnishing by an Insured of services, materials, parts or equipment in connection with the planning, construction, maintenance, operation or use of any nuclear facility, but if such facility is located within the United States of America, its territories or possessions or Canada, this exclusion (c) applies only to injury to or destruction of property at such nuclear facility.

4. As used in this Policy:

"hazardous properties" include radioactive, toxic or explosive properties;

"nuclear material" means source material, special nuclear material or byproduct material;

"source material", "special nuclear material", and "byproduct material" have the meanings given them in the Atomic Energy Act of 1954 or in any law amendatory thereof;

This policy is not complete unless a Declaration is attached.

"spent fuel" means any fuel element or fuel component, solid or liquid, which has been used or exposed to radiation in a nuclear reactor;

"waste" means any waste material (1) containing byproduct material and (2) resulting from the operation by any person or organization of any nuclear facility included within the definition of nuclear facility under paragraph (a) or (b) thereof;

"nuclear facility" means

- (a) any nuclear reactor,
- (b) any equipment or device designed or used for (1) separating the isotopes of uranium or plutonium, (2) processing or utilizing spent fuel or (3) handling, processing or packaging waste,
- (c) any equipment or device used for the processing, fabricating or alloying special nuclear material if at any time the total amount of such material in the custody of the Insured at the premises where such equipment or device is located consists of or contains more than 25 grams of plutonium or uranium 233 or any combination thereof, or more than 250 grams of uranium 235,
- (d) any structure, basin, excavation, premises or place prepared or used for the storage or disposal of waste, and includes the site on which any of the foregoing is located, all operations conducted on such site and all premises used for such operations;

"nuclear reactor" means any apparatus designed or used to sustain nuclear fission in a self-supporting chain reaction or to contain a critical mass of fissionable material;

With respect to injury to or destruction of property, the word "injury" or "destruction" includes all forms of radioactive contamination of property.

DEFINITIONS

1. Immediate Underlying Policy

"Immediate underlying policy" means the policy of the "underlying insurance" which provides the layer of coverage, whether primary or excess, immediately preceding the layer of coverage provided by this Policy.

2. Loss

"Loss" means the sums paid as damages in settlement of a claim or in satisfaction of a judgment for which the Insured is legally liable, after making deductions for all recoveries, salvages and other insurances (whether recoverable or not) other than the "underlying insurance" and excess insurance purchased specifically to be in excess of this Policy. "Loss" does not include investigation, adjustment, defense or appeal costs and expenses incident to any of the same, notwithstanding that the "underlying insurance" may provide insurance for such costs and expenses.

3. Underlying Insurance

"Underlying insurance" means the insurance policies described in Item 4 of the Declarations and includes any renewal or replacement of such policies.

4. Completed Operations Hazard

The term "completed operations hazard" includes bodily injury and property damage arising out of operations or reliance upon a representation or warranty made at any time with respect thereto, but only if the bodily injury or property damage occurs after such operations have been completed or abandoned and occurs away from premises owned by or rented to the Insured. Operations include materials, parts or equipment furnished in connection therewith.

Operations shall be deemed completed at the earliest of the following times:

- (a) when all operations to be performed by or on behalf of the Insured under the contract have been completed,
- (b) when all operations to be performed by or on behalf of the Insured at the site of the operations have been completed, or
- (c) when the portion of the work out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

Operations which may require further service or maintenance work, or correction, repair or replacement because of any defect or deficiency, but which are otherwise complete shall be deemed completed.

The completed operations hazard does not include bodily injury or property damage arising out of

- (1) operations in connection with the transportation of property, unless the bodily injury or property damage arises out of a condition in or on a vehicle created by the loading or unloading thereof.
- (2) the existence of tools, uninstalled equipment or abandoned or unused materials.

5. Products Hazard

The term "products hazard" includes bodily injury and property damage arising out of the Insured's products or reliance upon a representation or warranty made at any time with respect thereto, but only if the bodily injury or property damage occurs away from premises owned by or rented to the Insured and after physical possession of such products has been relinquished to others.

CONDITIONS

1. Underlying Insurance — Changes During this Policy Period

Any change in coverage or premium in the "underlying insurance" shall be promptly reported to the Company and the Insured shall upon request, furnish the Company with copies of such changes.

Any change in the premium for the "underlying insurance" shall be promptly reported to the Company and the premium for this Policy, subject to the minimum premium, may be adjusted accordingly.

2. Notice of Loss; Participation in Defense by the Company

Notice of an occurrence which appears likely to involve this Policy shall be given by or on behalf of the Insured to the Company or any of its authorized agents as soon as practicable. The Company at its own option may, but is not required to, participate in the investigation, settlement or defense of any claim or suit against the Insured.

In the event expense in connection with any claim or suit is incurred jointly by mutual consent of the Company and of the Insured or the Underlying Insurer, the Company, in addition to its limits of liability as expressed in Item 5 of the Declarations shall be liable for no greater proportion of such expense and/or costs than the amount payable by the Company under this Policy bears to the total loss payment.

3. Action Against Company

No action shall lie against the Company unless, as a condition precedent thereto, the Insured shall have fully complied with all the terms of this Policy.

Any person or organization or the legal representative thereof who has secured a judgment against the Insured shall thereafter be entitled to recover under this Policy to the extent of the insurance afforded by this Policy. Nothing contained in this Policy shall give any person or organization any right to join the Company as a co-defendant in any action against the Insured to determine the Insured's liability. Any payments by the Company under this Condition 3 shall discharge the Company's obligation to the Insured to the extent of such payments.

Bankruptcy or insolvency of the Insured or of the Insured's estate shall not relieve the Company of any of its obligations hereunder.

4. Subrogation and Other Recoveries

In the event of any payment under this Policy, the Company shall be subrogated to all the Insured's rights of recovery therefore against any person or organization and the Insured shall execute and deliver instruments and papers and do whatever else is necessary to secure such rights. The Insured shall do nothing after the occurrence to prejudice such rights.

Because this Policy affords excess coverage, the Insured's right of recovery cannot always be exclusively subrogated to the Company. It is, therefore, agreed that the Company shall act in concert with all other interests concerned, including the Insured, in the enforcement of any subrogation rights or in the recovery of amounts by any other means. The apportioning of any amounts so recovered shall follow in the principle that any interest, including the Insured, that shall have paid an amount over and above any payment under this Policy shall first be reimbursed up to the amount paid by such interest; the Company shall then be reimbursed out of any balance then remaining up to the amounts paid as the result of loss covered under this Policy; and lastly, the interests, including the Insured, of whom this coverage is in excess are entitled to claim any residue remaining. Expenses and costs necessary to the recovery of any such amounts shall be apportioned between the interests concerned, including the Insured, in the ratio of their respective recoveries or in the event of a totally unsuccessful attempt to recover, in the ratio of the respective amounts sought to be recovered.

5. Other Insurance

This Condition does not apply with respect to the "underlying insurance" or excess insurance purchased specifically to be in excess of this Policy.

If, with respect to a loss covered hereunder, the Insured has other insurance, whether on a primary, excess or contingent basis, there shall be no insurance afforded hereunder as respects such loss; provided, that if the applicable limit of liability of this Policy is greater than the applicable limit of liability provided by the other insurance, this Policy shall afford excess insurance over and above such other insurance in an amount sufficient to give the Insured, as respects the layer of coverage afforded by this Policy, a total limit of liability equal to the applicable limit of liability afforded by this Policy.

6. Cancellation

This Policy may be cancelled by the Named Insured by mailing to the Company written notice stating when thereafter the cancellation shall be effective. This Policy may be cancelled by the Company by mailing to the Named Insured at the address shown in the Declarations written notice stating when not less than ten days thereafter such cancellation shall be effective. The mailing of notice as aforesaid shall be sufficient proof of notice. The effective date of cancellation stated in the notice shall become the end of the policy period. Delivery of such written notice either by the Named Insured or by the Company shall be equivalent to mailing.

If the Named Insured cancels, earned premium or minimum premium, whichever is greater, shall be computed in accordance with the customary short rate table and procedure. If the Company cancels, earned premium or minimum premium, whichever is greater, shall be computed, pro rata. Premium adjustment may be made either at the time cancellation is effected or as soon as practicable after cancellation becomes effective, but payment or tender of unearned premium is not a condition of cancellation.

7. Maintenance of Underlying Insurances

It is a condition of this Policy that the policy or policies referred to in Item 4 of the Declarations, including renewal or replacements thereof, shall be maintained, without alteration of terms or conditions, in full effect during the currency of this Policy except for any reduction or exhaustion of the aggregate limit contained therein solely by reason of losses that arise out of occurrences which take place during the period of this Policy. Failure of the Insured to comply with the foregoing shall not invalidate this Policy but in the event of such failure the Company shall be liable hereunder only to the extent that it would have been liable had the Insured complied therewith.

IN WITNESS WHEREOF, The Company designated on the Declarations page has caused this Policy to be signed by its President and Secretary and countersigned on the Declarations page by a duly authorized representative of the Company.

Insurance

In consideration of the payment of the Premium, in reliance upon the statements made to the Company by application and subject to the terms set forth herein, the Company designated on the Declarations page, herein called the Company, A Capital Stock Company, AGREES with the Insured:

INSURING AGREEMENTS

I. COVERAGE

To indemnify the Insured, in accordance with the applicable provisions of the "Immediate underlying policy" for the amount of "loss" which is in excess of the applicable Limits of the "underlying insurance" described in Item 4 of the Declarations.

The provisions of the "Immediate underlying policy" are incorporated as part of this Policy except for any obligation to investigate and defend and pay for costs and expenses incident to the same, the amount of the limits of liability, any "other insurance" provision and any other provisions therein which are inconsistent with the provisions of this Policy.

This Policy shall apply only to coverages for which an amount is indicated in Section I of Item 5 of the Declarations and then only in excess of the corresponding amount shown in Section II of Item 5 of the Declarations.

II. POLICY PERIOD

This Policy applies only to "loss" arising out of injury, damage or destruction which occurs during the policy period stated in the Declarations.

III. LIMITS OF LIABILITY

Regardless of the number of (1) Insureds under this Policy, or (2) persons or organizations to whom the Insured may be liable for loss, the Company's liability shall not exceed the amounts stated in Section I of Item 5 of the Declarations.

A. With respect to coverages for which an aggregate limit is shown in Section I of Item 5 of the Declarations, aggregate means the total limit of the Company's liability during any one aggregate period either (1) with respect to any cause of loss for which the "underlying insurance" has an aggregate limit, or (2) with respect to the "products hazard" or the "completed operations hazard" (as defined herein) if the "underlying insurance" does not contain an aggregate limit with respect to these hazards.

B. Reduction Of The Aggregate

This provision applies only if this Policy contains an aggregate limit of liability which applies to the occurrence.

If the limit of liability of the "underlying insurance" is less than as stated in Section II of Item 5 of the Declarations because the aggregate limits of liability of the "underlying insurance" have been reduced, this Policy becomes excess of such reduced limit of liability if such reduction is solely the result of injury or destruction occurring after the inception date of this Policy and not before. Nothing contained herein shall operate to increase the limit of the Company's liability.

C. Application Of The Aggregate To Periods Of Time

The aggregate limits of liability of this Policy apply separately to each aggregate period. The first aggregate period of this Policy begins on the effective date of this Policy and ends on the next termination date of the aggregate period of the "Immediate underlying policy." Any succeeding aggregate period of this Policy is concurrent with the aggregate period of the "Immediate underlying policy" unless it is the final aggregate period. The final aggregate period of this Policy begins on the termination date of the aggregate period of the "Immediate underlying policy" immediately preceding the expiration date of this Policy and ends on the expiration date of this Policy.

NUCLEAR ENERGY LIABILITY EXCLUSION

It is agreed that the insurance afforded under any liability coverage of this Policy or of any endorsement used herewith does not apply:

1. Under any Liability Coverage, to injury, sickness, disease, death or destruction

(a) with respect to which an Insured under the Policy is also an Insured under a nuclear energy liability policy issued by Nuclear Energy Liability Insurance Association, Mutual Atomic Energy Liability Underwriters or Nuclear Insurance Association of Canada, or would be an Insured under any such policy but for its termination upon exhaustion of its limit of liability; or

(b) resulting from the hazardous properties of nuclear material and with respect to which (1) any person or organization is required to maintain financial protection pursuant to the Atomic Energy Act of 1954, or any law amendatory thereof, or (2) the Insured is, or had this Policy not been issued would be, entitled to indemnity from the United States of America, or any agency thereof, under any agreement entered into by the United States of America, or any agency thereof, with any person or organization.

2. Under any Medical Payments Coverage, or under any Supplementary Payments Provision relating to immediate medical or surgical relief, to expenses incurred with respect to bodily injury, sickness, disease or death resulting from the hazardous properties of nuclear material and arising out of the operation of a nuclear facility by any person or organization.

3. Under any Liability Coverage, to injury, sickness, disease, death or destruction resulting from the hazardous properties of nuclear material, if

(a) the nuclear material (1) is at any nuclear facility owned by, or operated by or on behalf of, an Insured or (2) has been discharged or dispersed therefrom;

(b) the nuclear material is contained in spent fuel or waste at any time possessed, handled, used, processed, stored, transported or disposed of by or on behalf of an Insured; or

(c) the injury, sickness, disease, death or destruction arises out of the furnishing by an Insured of services, materials, parts or equipment in connection with the planning, construction, maintenance, operation or use of any nuclear facility, but if such facility is located within the United States of America, its territories or possessions or Canada, this exclusion (c) applies only to injury to or destruction of property at such nuclear facility.

4. As used in this Policy:

"hazardous properties" include radioactive, toxic or explosive properties;

"nuclear material" means source material, special nuclear material or byproduct material;

"source material", "special nuclear material", and "byproduct material" have the meanings given them in the Atomic Energy Act

This policy is not complete unless a Declarations Page is attached.

"spent fuel" means any fuel element or fuel component, solid or liquid, which has been used or exposed to radiation in a nuclear reactor;

"waste" means any waste material (1) containing byproduct material and (2) resulting from the operation by any person or organization of any nuclear facility included within the definition of nuclear facility under paragraph (a) or (b) thereof;

"nuclear facility" means

- (a) any nuclear reactor,
- (b) any equipment or device designed or used for (1) separating the isotopes of uranium or plutonium, (2) processing or utilizing spent fuel or (3) handling, processing or packaging waste,
- (c) any equipment or device used for the processing, fabricating or alloying special nuclear material if at any time the total amount of such material in the custody of the Insured at the premises where such equipment or device is located consists of or contains more than 25 grams of plutonium or uranium 233 or any combination thereof, or more than 250 grams of uranium 235,
- (d) any structure, basin, excavation, premises or place prepared or used for the storage or disposal of waste, and includes the site on which any of the foregoing is located, all operations conducted on such site and all premises used for such operations;

"nuclear reactor" means any apparatus designed or used to sustain nuclear fission in a self-supporting chain reaction or to contain a critical mass of fissionable material;

With respect to injury to or destruction of property, the word "injury" or "destruction" includes all forms of radioactive contamination of property.

DEFINITIONS

1. Immediate Underlying Policy

"Immediate underlying policy" means the policy of the "underlying insurance" which provides the layer of coverage, whether primary or excess, immediately preceding the layer of coverage provided by this Policy.

2. Loss

"Loss" means the sums paid as damages in settlement of a claim or in satisfaction of a judgment for which the Insured is legally liable, after making deductions for all recoveries, salvages and other insurances (whether recoverable or not) other than the "underlying insurance" and excess insurance purchased specifically to be in excess of this Policy. "Loss" does not include investigation, adjustment, defense or appeal costs and expenses incident to any of the same, notwithstanding that the "underlying insurance" may provide insurance for such costs and expenses.

3. Underlying Insurance

"Underlying insurance" means the insurance policies described in Item 4 of the Declarations and includes any renewal or replacement of such policies.

4. Completed Operations Hazard

The term "completed operations hazard" includes bodily injury and property damage arising out of operations or reliance upon a representation or warranty made at any time with respect thereto, but only if the bodily injury or property damage occurs after such operations have been completed or abandoned and occurs away from premises owned by or rented to the Insured. Operations include materials, parts or equipment furnished in connection therewith.

Operations shall be deemed completed at the earliest of the following times:

- (a) when all operations to be performed by or on behalf of the Insured under the contract have been completed,
- (b) when all operations to be performed by or on behalf of the Insured at the site of the operations have been completed, or
- (c) when the portion of the work out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

Operations which may require further service or maintenance work, or correction, repair or replacement because of any defect or deficiency, but which are otherwise complete shall be deemed completed.

The completed operations hazard does not include bodily injury or property damage arising out of

- (1) operations in connection with the transportation of property, unless the bodily injury or property damage arises out of a condition in or on a vehicle created by the loading or unloading thereof,
- (2) the existence of tools, uninstalled equipment or abandoned or unused materials.

5. Products Hazard

The term "products hazard" includes bodily injury and property damage arising out of the Insured's products or reliance upon a representation or warranty made at any time with respect thereto, but only if the bodily injury or property damage occurs away from premises owned by or rented to the Insured and after physical possession of such products has been relinquished to others.

CONDITIONS

1. Underlying Insurance - Changes During this Policy Period

Any change in coverage or premium in the "underlying insurance" shall be promptly reported to the Company and the Insured shall upon request, furnish the Company with copies of such changes.

Any change in the premium for the "underlying insurance" shall be promptly reported to the Company and the premium for this Policy, subject to the minimum premium, may be adjusted accordingly.

2. Notice of Loss; Participation in Defense by the Company

Notice of an occurrence which appears likely to involve this Policy shall be given by or on behalf of the Insured to the Company or any of its authorized agents as soon as practicable. The Company at its own option may, but is not required to, participate in the investigation, settlement or defense of any claim or suit against the Insured.

In the event expense in connection with any claim or suit is incurred jointly by mutual consent of the Company and of the Insured or the Underlying Insurer, the Company, in addition to its limits of liability as expressed in Item 5 of the Declarations shall be liable for no greater proportion of such expense and/or costs than the amount payable by the Company under this Policy bears to the total loss payment.

3. Action Against Company

No action shall lie against the Company unless, as a condition precedent thereto, the Insured shall have fully complied with all the terms of this Policy.

Any person or organization or the legal representative thereof who has secured a judgment against the Insured shall thereafter be entitled to recover under this Policy to the extent of the insurance afforded by this Policy. Nothing contained in this Policy shall give any person or organization any right to join the Company as a co-defendant in any action against the Insured to determine the Insured's liability. Any payments by the Company under this Condition 3 shall discharge the Company's obligation to the Insured to the extent of such payments.

Bankruptcy or insolvency of the Insured or of the Insured's estate shall not relieve the Company of any of its obligations hereunder.

4. Subrogation and Other Recoveries

In the event of any payment under this Policy, the Company shall be subrogated to all the Insured's rights of recovery therefore against any person or organization and the Insured shall execute and deliver instruments and papers and do whatever else is necessary to secure such rights. The Insured shall do nothing after the occurrence to prejudice such rights.

Because this Policy affords excess coverage, the Insured's right of recovery cannot always be exclusively subrogated to the Company. It is, therefore, agreed that the Company shall act in concert with all other interests concerned, including the Insured, in the enforcement of any subrogation rights or in the recovery of amounts by any other means. The apportioning of any amounts so recovered shall follow in the principle that any interest, including the Insured, that shall have paid an amount over and above any payment under this Policy shall first be reimbursed up to the amount paid by such interest; the Company shall then be reimbursed out of any balance then remaining up to the amounts paid as the result of loss covered under this Policy; and lastly, the interests, including the Insured, of whom this coverage is in excess are entitled to claim any residue remaining. Expenses and costs necessary to the recovery of any such amounts shall be apportioned between the interests concerned, including the Insured, in the ratio of their respective recoveries or in the event of a totally unsuccessful attempt to recover, in the ratio of the respective amounts sought to be recovered.

5. Other Insurance

This Condition does not apply with respect to the "underlying insurance" or excess insurance purchased specifically to be in excess of this Policy.

If, with respect to a loss covered hereunder, the Insured has other insurance, whether on a primary, excess or contingent basis, there shall be no insurance afforded hereunder as respects such loss; provided, that if the applicable limit of liability of this Policy is greater than the applicable limit of liability provided by the other insurance, this Policy shall afford excess insurance over and above such other insurance in an amount sufficient to give the Insured, as respects the layer of coverage afforded by this Policy, a total limit of liability equal to the applicable limit of liability afforded by this Policy.

6. Cancellation

This Policy may be cancelled by the Named Insured by mailing to the Company written notice stating when thereafter the cancellation shall be effective. This Policy may be cancelled by the Company by mailing to the Named Insured at the address shown in the Declarations written notice stating when not less than ten days thereafter such cancellation shall be effective. The mailing of notice as aforesaid shall be sufficient proof of notice. The effective date of cancellation stated in the notice shall become the end of the policy period. Delivery of such written notice either by the Named Insured or by the Company shall be equivalent to mailing.

If the Named Insured cancels, earned premium or minimum premium, whichever is greater, shall be computed in accordance with the customary short rate table and procedure. If the Company cancels, earned premium or minimum premium, whichever is greater, shall be computed, pro rata. Premium adjustment may be made either at the time cancellation is effected or as soon as practicable after cancellation becomes effective, but payment or tender of unearned premium is not a condition of cancellation.

7. Maintenance of Underlying Insurances

It is a condition of this Policy that the policy or policies referred to in Item 4 of the Declarations, including renewal or replacements thereof, shall be maintained, without alteration of terms or conditions, in full effect during the currency of this Policy except for any reduction or exhaustion of the aggregate limit contained therein solely by reason of losses that arise out of occurrences which take place during the period of this Policy. Failure of the Insured to comply with the foregoing shall not invalidate this Policy but in the event of such failure the Company shall be liable hereunder only to the extent that it would have been liable had the Insured complied therewith.

IN WITNESS WHEREOF, The Company designated on the Declarations page has caused this Policy to be signed by its President and Secretary and countersigned on the Declarations page by a duly authorized representative of the Company.

This Policy applies only to "loss" arising out of injury, damage or destruction which occurs during the policy period stated in the Declarations.

III. LIMITS OF LIABILITY

Regardless of the number of (1) Insureds under this Policy, or (2) persons or organizations to whom the Insured may be liable for loss, the Company's liability shall not exceed the amounts stated in Section I of Item 5 of the Declarations.

A. With respect to coverages for which an aggregate limit is shown in Section I of Item 5 of the Declarations, aggregate means the total limit of the Company's liability during any one aggregate period either (1) with respect to any cause of loss for which the "underlying insurance" has an aggregate limit, or (2) with respect to the "products hazard" or the "completed operations hazard" (as defined herein) if the "underlying insurance" does not contain an aggregate limit with respect to these hazards.

B. Reduction Of The Aggregate

This provision applies only if this Policy contains an aggregate limit of liability which applies to the occurrence.

If the limit of liability of the "underlying insurance" is less than as stated in Section II of Item 5 of the Declarations because the aggregate limits of liability of the "underlying insurance" have been reduced, this Policy becomes excess of such reduced limit of liability if such reduction is solely the result of injury or destruction occurring after the inception date of this Policy and not before. Nothing contained herein shall operate to increase the limit of the Company's liability.

C. Application Of The Aggregate To Periods Of Time

The aggregate limits of liability of the Policy apply separately to each aggregate period. The first aggregate period of this Policy begins on the effective date of this Policy and ends on the next termination date of the aggregate period of the "immediate underlying policy." Any succeeding aggregate period of this Policy is concurrent with the aggregate period of the "immediate underlying policy" unless it is the final aggregate period. The final aggregate period of this Policy begins on the termination date of the aggregate period of the "immediate underlying policy" immediately preceding the expiration date of this Policy and ends on the expiration date of this Policy.

NUCLEAR ENERGY LIABILITY EXCLUSION

It is agreed that the insurance afforded under any liability coverage of this Policy or of any endorsement used herewith does not apply:

1. Under any Liability Coverage, to injury, sickness, disease, death or destruction

(a) with respect to which an Insured under the Policy is also an Insured under a nuclear energy liability policy issued by Nuclear Energy Liability Insurance Association, Mutual Atomic Energy Liability Underwriters or Nuclear Insurance Association of Canada, or would be an Insured under any such policy but for its termination upon exhaustion of its limit of liability; or

(b) resulting from the hazardous properties of nuclear material and with respect to which (1) any person or organization is required to maintain financial protection pursuant to the Atomic Energy Act of 1954, or any law amendatory thereof, or (2) the Insured is, or had this Policy not been issued would be, entitled to indemnity from the United States of America, or any agency thereof, under any agreement entered into by the United States of America, or any agency thereof, with any person or organization.

2. Under any Medical Payments Coverage, or under any Supplementary Payments Provision relating to immediate medical or surgical relief, to expenses incurred with respect to bodily injury, sickness, disease or death resulting from the hazardous properties of nuclear material and arising out of the operation of a nuclear facility by any person or organization.

3. Under any Liability Coverage, to injury, sickness, disease, death or destruction resulting from the hazardous properties of nuclear material, if

(a) the nuclear material (1) is at any nuclear facility owned by, or operated by or on behalf of, an Insured or (2) has been discharged or dispersed therefrom;

(b) the nuclear material is contained in spent fuel or waste at any time possessed, handled, used, processed, stored, transported or disposed of by or on behalf of an Insured; or

(c) the injury, sickness, disease, death or destruction arises out of the furnishing by an Insured of services, materials, parts or equipment in connection with the planning, construction, maintenance, operation or use of any nuclear facility, but if such facility is located within the United States of America, its territories or possessions or Canada, this exclusion (c) applies only to injury to or destruction of property at such nuclear facility.

4. As used in this Policy:

"hazardous properties" include radioactive, toxic or explosive properties;

"nuclear material" means source material, special nuclear material or byproduct material;

"source material", "special nuclear material", and "byproduct material" have the meanings given them in the Atomic Energy Act of 1954 or in any law amendatory thereof;

"spent fuel" means any fuel element or fuel component, solid or liquid, which has been used or exposed to radiation in a nuclear reactor;

"waste" means any waste material containing byproduct material and (2) resulting from the operation by any person or organization of any nuclear facility included within the definition of nuclear facility under paragraph (a) or (b) thereof;

"nuclear facility" means

- (a) any nuclear reactor,
- (b) any equipment or device designed or used for (1) separating the isotopes of uranium or plutonium, (2) processing or utilizing spent fuel or (3) handling, processing or packaging waste,
- (c) any equipment or device used for the processing, fabricating or alloying special nuclear material if at any time the total amount of such material in the custody of the Insured at the premises where such equipment or device is located consists of or contains more than 25 grams of plutonium or uranium 233 or any combination thereof, or more than 250 grams of uranium 235,
- (d) any structure, basin, excavation, premises or place prepared or used for the storage or disposal of waste, and includes the site on which any of the foregoing is located, all operations conducted on such site and all premises used for such operations;

"nuclear reactor" means any apparatus designed or used to sustain nuclear fission in a self-supporting chain reaction or to contain a critical mass of fissionable material;

With respect to injury to or destruction of property, the word "injury" or "destruction" includes all forms of radioactive contamination of property.

DEFINITIONS

1. Immediate Underlying Policy

"Immediate underlying policy" means the policy of the "underlying insurance" which provides the layer of coverage, whether primary or excess, immediately preceding the layer of coverage provided by this Policy.

2. Loss

"Loss" means the sums paid as damages in settlement of a claim or in satisfaction of a judgment for which the Insured is legally liable, after making deductions for all recoveries, salvages and other insurances (whether recoverable or not) other than the "underlying insurance" and excess insurance purchased specifically to be in excess of this Policy. "Loss" does not include investigation, adjustment, defense or appeal costs and expenses incident to any of the same, notwithstanding that the "underlying insurance" may provide insurance for such costs and expenses.

3. Underlying Insurance

"Underlying insurance" means the insurance policies described in Item 4 of the Declarations and includes any renewal or replacement of such policies.

4. Completed Operations Hazard

The term "completed operations hazard" includes bodily injury and property damage arising out of operations or reliance upon a representation or warranty made at any time with respect thereto, but only if the bodily injury or property damage occurs after such operations have been completed or abandoned and occurs away from premises owned by or rented to the Insured. Operations include materials, parts or equipment furnished in connection therewith.

Operations shall be deemed completed at the earliest of the following times:

- (a) when all operations to be performed by or on behalf of the Insured under the contract have been completed,
- (b) when all operations to be performed by or on behalf of the Insured at the site of the operations have been completed, or
- (c) when the portion of the work out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

Operations which may require further service or maintenance work, or correction, repair or replacement because of any defect or deficiency, but which are otherwise complete shall be deemed completed.

The completed operations hazard does not include bodily injury or property damage arising out of

- (1) operations in connection with the transportation of property, unless the bodily injury or property damage arises out of a condition in or on a vehicle created by the loading or unloading thereof.
- (2) the existence of tools, uninstalled equipment or abandoned or unused materials.

5. Products Hazard

The term "products hazard" includes bodily injury and property damage arising out of the Insured's products or reliance upon a representation or warranty made at any time with respect thereto, but only if the bodily injury or property damage occurs away from premises owned by or rented to the Insured and after physical possession of such products has been relinquished to others.

CONDITIONS

1. Underlying Insurance—Changes During this Policy Period

Any change in coverage or premium in the "underlying insurance" shall be promptly reported to the Company and the Insured shall upon request, furnish the Company with copies of such changes.

Any change in the premium for the "underlying insurance" shall be promptly reported to the Company and the premium for this Policy, subject to the minimum premium, may be adjusted accordingly.

2. Notice of Loss; Participation in Defense by the Company

Notice of an occurrence which appears likely to involve this Policy shall be given by or on behalf of the Insured to the Company or any of its authorized agents as soon as practicable. The Company at its own option may, but is not required to, participate in the investigation, settlement or defense or any claim or suit against the Insured.

In the event expense in connection with any claim or suit is incurred jointly by mutual consent of the Company and of the Insured or the Underlying Insurer, the Company, in addition to its limits of liability as expressed in Item 5 of the Declarations shall be liable for no greater proportion of such expense and/or costs than the amount payable by the Company under this Policy bears to the total loss payment.

3. Action Against Company

No action shall lie against the Company unless, as a condition precedent thereto, the Insured shall have fully complied with all the terms of this Policy.

Any person or organization or the representative thereof who has secured a judgment against the Insured shall thereafter be entitled to recover under this Policy to the extent of the insurance afforded by this Policy. Nothing contained in this Policy shall give any person or organization any right to join the Company as a co-defendant in any action against the Insured to determine the Insured's liability. Any payments by the Company under this Condition 3 shall discharge the Company's obligation to the Insured to the extent of such payments.

Bankruptcy or insolvency of the Insured or of the Insured's estate shall not relieve the Company of any of its obligations hereunder.

4. Subrogation and Other Recoveries

In the event of any payment under this Policy, the Company shall be subrogated to all the Insured's rights of recovery therefore against any person or organization and the Insured shall execute and deliver instruments and papers and do whatever else is necessary to secure such rights. The Insured shall do nothing after the occurrence to prejudice such rights.

Because this Policy affords excess coverage, the Insured's right of recovery cannot always be exclusively subrogated to the Company. It is, therefore, agreed that the Company shall act in concert with all other interests concerned, including the Insured, in the enforcement of any subrogation rights or in the recovery of amounts by any other means. The apportioning of any amounts so recovered shall follow in the principle that any interest, including the Insured, that shall have paid an amount over and above any payment under this Policy shall first be reimbursed up to the amount paid by such interest; the Company shall then be reimbursed out of any balance then remaining up to the amount paid as the result of loss covered under this Policy; and lastly, the interests, including the Insured, of whom this coverage is in excess are entitled to claim any residue remaining. Expenses and costs necessary to the recovery of any such amounts shall be apportioned between the interests concerned, including the Insured, in the ratio of their respective recoveries or in the event of a totally unsuccessful attempt to recover, in the ratio of the respective amounts sought to be recovered.

5. Other Insurance

This Condition does not apply with respect to the "underlying insurance" or excess insurance purchased specifically to be in excess of this Policy.

If, with respect to a loss covered hereunder, the Insured has other insurance, whether on a primary, excess or contingent basis, there shall be no insurance afforded hereunder as respects such loss; provided, that if the applicable limit of liability of this Policy is greater than the applicable limit of liability provided by the other insurance, this Policy shall afford excess insurance over and above such other insurance in an amount sufficient to give the Insured, as respects the layer of coverage afforded by this Policy, a total limit of liability equal to the applicable limit of liability afforded by this Policy.

6. Cancellation

This Policy may be cancelled by the Named Insured by mailing to the Company written notice stating when thereafter the cancellation shall be effective. This Policy may be cancelled by the Company by mailing to the Named Insured at the address shown in the Declarations written notice stating when not less than ten days thereafter such cancellation shall be effective. The mailing of notice as aforesaid shall be sufficient proof of notice. The effective date of cancellation stated in the notice shall become the end of the policy period. Delivery of such written notice either by the Named Insured or by the Company shall be equivalent to mailing.

If the Named Insured cancels, earned premium or minimum premium, whichever is greater, shall be computed in accordance with the customary short rate table and procedure. If the Company cancels, earned premium or minimum premium, whichever is greater, shall be computed, pro rata. Premium adjustment may be made either at the time cancellation is effected or as soon as practicable after cancellation becomes effective, but payment or tender of unearned premium is not a condition of cancellation.

7. Maintenance of Underlying Insurances

It is a condition of this Policy that the policy or policies referred to in Item 4 of the Declarations, including renewal or replacements thereof, shall be maintained, without alteration of terms or conditions, in full effect during the currency of this Policy except for any reduction or exhaustion of the aggregate limit contained therein solely by reason of losses that arise out of occurrence which take place during the period of this Policy. Failure of the Insured to comply with the foregoing shall not invalidate this Policy but in the event of such failure the Company shall be liable hereunder only to the extent that it would have been liable had the Insured complied therewith.

8. Service of Suit

The following Service of Suit Clause is not to become effective unless or until the Insured has notified this Company in each specific claim of its intention to sue.

Service of Suit Clause: It is agreed that in the event of the failure of this Company to pay any amount claimed to be due hereunder, this Company, at the request of the Insured, will submit to the jurisdiction of any Court of competent jurisdiction within the United States and will comply with all requirements necessary to give such Court jurisdiction and all matters arising hereunder shall be determined in accordance with the law and practice of such Court.

It is further agreed that service of process in such suit may be made upon the highest one in authority bearing the title "Commissioner", "Director", or "Superintendent" of Insurance of the state or commonwealth wherein the property covered by this policy is located, and that in any suit instituted against it upon this contract this Company will abide by the final decision of such Court or any Appellate Court in the event of an appeal. The one in authority bearing the title "Commissioner", "Director", or "Superintendent" of Insurance of the state or commonwealth wherein the property covered by this policy is located is hereby authorized and directed to accept service of process on behalf of this Company in any such suit and/or upon the Insured's request to give a written undertaking to the Insured that they will enter a general appearance upon this Company's behalf in the event such a suit shall be instituted.

IN WITNESS WHEREOF, The Company designated on the Declarations page has caused this Policy to be signed by its President and Secretary and countersigned on the Declarations page by a duly authorized representative of the Company.
